

'At Knowle DGE Academy we work to promote positive Mental Health and Wellbeing through all that we do. The academy offers Learning Mentors, Nurture Group, Speech and Language Therapists, Educational Psychologists, Primary Mental Health Specialists and a School Nursing Team. All of these services offer a range of different interventions that can help support the Mental Health and Wellbeing of our pupils.

In addition to the services available within the academy we work with all parents and carers in helping to gain access to the relevant support available from the many agencies in and around Bristol.

If you would like further advice regarding support around Mental Health and Wellbeing please contact the academy to discuss further.

Alternatively, follow the link below to access the Emotional Health and Wellbeing Directory for Bristol. This will provide you with information about the many services available and how to access them.'
