

The Lodge

Knowle DGE

Extended Learning Opportunity

Taking learning out of the classroom and into all areas of life is important to us at Knowle DGE. With this in mind our voluntary extended learning residential unit "The Lodge" is an integral aspect of what we do for our young people. With room for twelve guests and high quality accommodation (individual rooms with ensuite) Knowle DGE young people can access the Lodge as part of our provision to impact positively on attendance, academic progress and other social/ behavioural targets designed to promote independence and a healthy lifestyle.

During school holidays the Lodge acts as a base for Summer Holiday Clubs, taking our extended programme of learning and positive recreation beyond term times.
