

# Hello and Welcome from Class 10.1

Trent Vaschalde and Helen Oldfield

## Exceptional start to 2020-21

This has been an exceptional and interesting start to the year. Our students have shown their wonderful resilience to change, adapting to new systems and restrictions in all school areas. We have completed plenty of quality lessons, with the whole class involving themselves in discussions and practical activities (we read the whole of “The Twits” (by Roald Dahl)! We as tutor and LF are extremely happy to be working with Class 10.1 this year and hope the level of engagement will continue into all our learning. All the best for the coming year.

## Attendance! Attendance! Attendance!

A massive shout out to 10.1 whose attendance has been awesome so far this year. We currently stand at 90% as a class, and under the circumstances this is a significant benchmark. As the year progresses we will try to “raise the bar” and achieve our goal of 95% overall.

## Covid-19 and Class 10.1

So far this term, Class 10.1 have done well to comply with Knowle DGE and Government guidelines.

HOWEVER, as we enter unprecedented times, it is the responsibility of all our students to continue to wear face coverings as per Government legislation.

Please remind your child to abide by these

current guidelines to keep themselves and others at school safe. Thank you!

## Term 2 Key Dates:

Monday 2nd November - Inset

Tuesday 3rd November - 1st Day

Friday 13 November - Children in Need

## Focus Areas Term 2

Uniform - we still have some minor issues with uniform, let's “iron” these out this term.

Attendance - let's raise our overall attendance from 90% to 95%!

Engagement - we are expecting every class member to engage 100% in every lesson this term to maximise learning.
