18th Birthday Celebrations

Four students in Post-16 celebrated their 18th birthdays this term so we had a celebratory McDonalds' lunch and cakes.

Key dates for the diary

January

4th - INSET Day
5th - First day back at school
19th—20th Army careers and STEM Day

February

5th - NSPCC Number Day
12th - End of term

Student Bursaries

Knowle-DGE is able to apply for a bursary for students that qualify for PiP or DLA funding. The Academy can spend that money on Educational or Health-related equipment to support students. Students that qualified last year have now received their brand new mountain bikes and laptops to help them study.

WoW

Students in Post-16 have 3 Ways of Wellbeing (WoW) sessions a week. In one session students have studied PSHE, looking at celebrating difference and learning about the political system in the UK. Students have also worked towards an ASDAN qualification in Beliefs and Values, looking at decision making and the environment. We have also stayed active in the sports hall as trips to the gym have been postponed due to Covid-19.

The Pod

From next term the Café Pod will be opening onsite and providing work experience opportunities to students in Post-16 that would like catering and retail

Merry Christmas and a Happy New Year from everyone at Knowle DGE!
