

11.2 Newsletter Term Three

It has been a tricky term to navigate with the sudden lockdown announcement. Throughout this term, we have been facilitating online learning, work pack deliveries and opportunities for onsite learning too. It is great to see more and more students accessing online learning as the term has progressed. Keep it up!

Reminder: We will be having more onsite learning taking place for the Year 11s so that they can have more focused learning support.

It is important that we work together to get our Year 11s the grades that they deserve this year. We've got this!

During Term 3, we have aimed to get as much coursework engagement as we can. It has been a challenge with all the changes.

Well done to everyone who has managed to get through their work despite all of the challenges.

Key dates for the term:

Start – Monday 22nd February
Comic Relief - Friday 19th March
Finish – Tuesday 30th March
