

### **Key Stage 2**

In 2017-18 several pupils took Key Stage 2 SATS. There were also some pupils who were dis applied due to working beneath the expected level. At Knowle DGE we focus on a differentiated, themed curriculum based on the national curriculum and SATs are not always reflective of the amazing achievements our young people make!

### **Progress 8**

Progress 8 is not a measure that is relevant at Knowle DGE Academy.

All pupils at KS4 have a bespoke curriculum package, enabling them to engage and achieve to the best of their ability. For 2018-19 all Key Stage 4 pupils who are educated on-site should achieve 6 national qualifications including English and Maths. Please see curriculum information for more information about the programmes offered.
