

# Yellow Newsletter

Yellow Class have really enjoyed learning all about Ancient Egypt in Term 3. We have mummified a tomato (results to be revealed after half term!), written in hieroglyphs and learned all about the Pharaohs and Pyramids. In English, we loved reading about the adventures of *Marcy and the Riddle of the Sphinx* and have also talked about fairy tales from around the world with *Egyptian Cinderella*. In Science we have learned about the properties of materials and we have been learning about multiplication and money in Maths.

We had so much fun on our trip to Puxton Park this term! We have been really proud of the children's effort and all the points that they have earned for being ready to learn, being safe and being respectful at school. Well done Yellow Class 😊

We also had a great time at the Bristol Museum and Art Gallery. We loved seeing the Ancient Egypt exhibit, dinosaur fossils and animals!

Next term we will be learning about the Elements and the Natural World. In Maths we will be finishing our learning about money and also starting to learn about fractions.

Any practice you can do over half term with making amounts of money and finding change would be fantastic! In English we will be reading the book *Blue John* by Berlie Doherty. We are looking forward to learning about nature across the curriculum including Art and Geography and we have lots of fun experiments planned for Science with a focus on changing properties.

## Days to remember:

After half term we will be doing Yoga every Monday afternoon and P.E on a Friday.

Every Thursday, we will be attending a Mountain Bike Skills and Maintenance workshop. The centre will provide all bikes and helmets.

World Book Day: 7<sup>th</sup> March  
EHCP meetings day: 21<sup>st</sup> March  
INSET Day: 22<sup>nd</sup> March  
Last Day of Term: 5<sup>th</sup> April
